Guests can also dine al fresco by the lake side. Waterside Seafood Restaurant & Terrace - Contemporary seafood restaurant with a fish counter in a sleek, modern setting with a terrace area. Zaika - Serves a range of North Indian dishes in a traditional style setting. Pergolas - Situated in the lobby area and overlooking waterfalls and gardens, this informal, modern restaurant with terrace area offers a range of international dishes from a buffet. Mawal - Offers traditional Lebanese dishes in a modern Lebanese setting. Double Decker Pub - Modern pub offering a selection of British dishes with sports broadcasts and DJs. Circle Cafe - Serving snacks, drinks and light refreshments in a relaxed setting. C Bar - Offers modern Asian dishes along with a selection of fresh cocktails in a contemporary setting. City Cafe - Informal café serving snacks, drinks and light refreshments. The Take Away :- Highly recommendable hotel, nice location, nice facilities and good service- Good atmosphere- Recommendable for a vacation or a business trip- However for a family with young children beware that some of the nightlife activity and 'girl-friendly' attitude of this hotel might be too much- Location is resonably close to Jumeirah , Mall of the Emirates , Burj el Arab, Internet-City and Media-City. However know that Sheikh Zayed road is extremely crowded at office in and out hours,especially 6-8 pm so avoid coming back from Jebel Ali at this time
